

BEST National Registry 2022

Summary of Enhancements and Improvements

General:

- Home screen and menus altered to be more mobile friendly.
- Login is moved off the main menu and to a dedicated location on the screen.

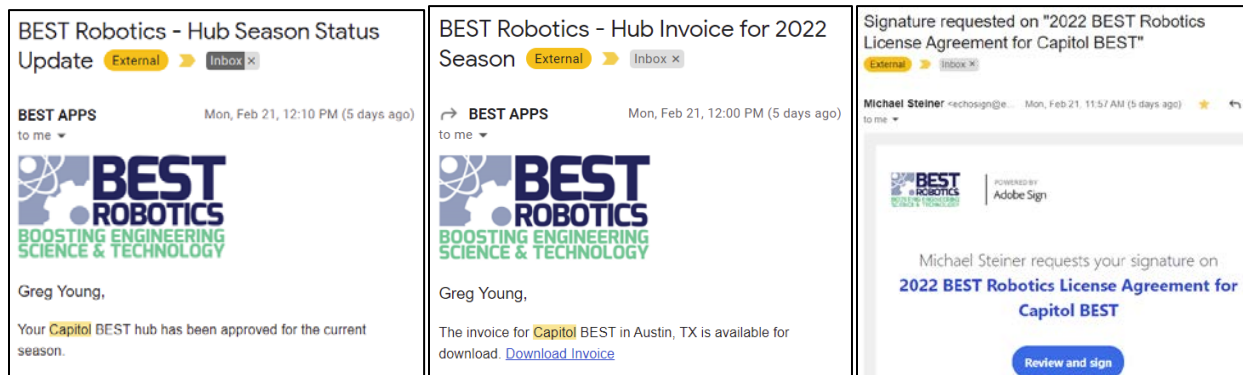

- Public menu is simplified to the following:

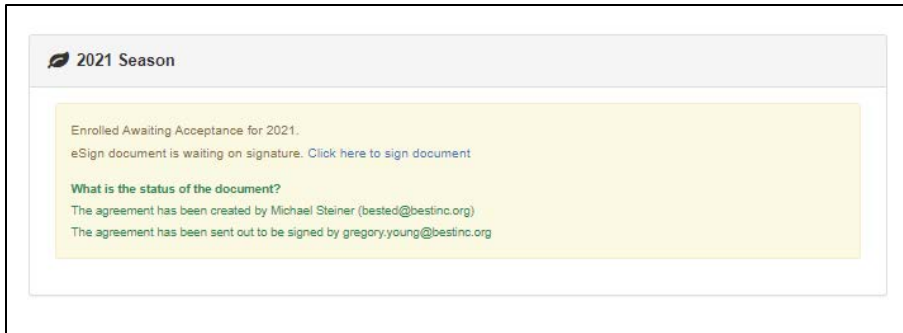

Hub Enrollment: ([see HELP document regarding Hub Enrollment](#))

- Now generates *separate* emails for Hub Enrollment request notification, Hub License Agreement and Hub License Fee Invoice.

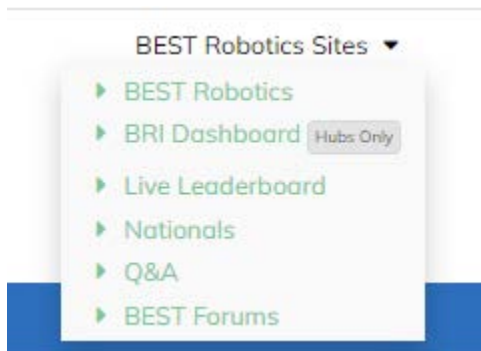

- After enrollment request, the license agreement document status, and AdobeSign Document link exists on the Hub/Championship page.

User Accounts, Student Registration:

- Hub Leaders/members – all systems now use single sign-on through the Registry. This includes the BRI Dashboard. After login, to access the BRI Dashboard or other apps, use the “BRI Sites” menu at the top-right of the page. This menu is currently not visible on mobile platforms.

- User Profile – the Home hub was a source of confusion and has been removed from the user profile.
- Student logins (avatar/password) now persist for 1 year to support off-season activities and third-party app login through the registry. Apps such as BESTedu, BEST Minecraft, and others will use this feature to allow students to continue access year-round or for some duration after the fall season.
- Parents now only select to allow student access to online BEST Robotics resources during student registration

Do you want to allow this student online access to BEST Robotics resources and applications?

Yes No

- Teacher(s) now manage the student login (avatar/password) and Team Workflow access after the parent has given permission.

Students

Click Manage Student Access under the action button. If the student has an Avatar Name currently, you can modify it here. If the student needs an Avatar Name, you can create it here. You may also delete the student account if you need to completely remove access for a student.

STUDENT	AVATAR NAME	WORKFLOW ACCESS	ACCOUNT DISABLED
<input type="text" value="Student, Test"/>	test	<input type="text" value="View Only"/>	

Test Test currently has a student login. You can change his/her avatar name and password below. If you update this information, you must provide a new password.

Avatar Name

Password

A new password must be provided

Required. Does not meet criteria. A capital, lower, alpha and numeric character is required.

Events and Team Registration:

- Events page now separates Upcoming and Past events. Includes Championship events in a separate panel.

Upcoming Events

No upcoming events current available.

Championship Events

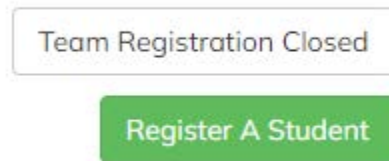

No championship events current available.

Past Events

No past events current available.

- You can now set event dates/times to TBD to facilitate team registration before actual dates/times are confirmed. You ARE required to enter a location. However, PLEASE DO NOT LEAVE your event as TBD. Update with accurate dates/times as soon as they are confirmed.
- Improved mapping on the events page
- Dedicated DETAILS page for each hub/championship (coming soon) that summarizes all information about that hub/championship for the public
- Fixed all time zone issues when creating EVENTS (you will now select the time-zone)

- Clarified Team Registration vs. Student Registration on the events page; added a link to Event page for Student Registration.

- The Registry supports multiple competition format options. Each event listing identifies the format. BEST is offering Classic and Classroom format this year; new/alternate formats can be added as the program expands.
- The Registry supports the Texas UIL and Unified UIL (UUIL) championships, allowing multiple teams (UIL and UUIL) from the same school. The UIL/UUIL designation is easily identifiable under participating teams.

Participating Teams (8)				
Manage Registrations				
NUMBER ▼	SCHOOL NAME	UIL INFO	ADVANCING	
▼ #0451	Alamo Home School	0 0		
▼ #0452	A and M Consolidated HS	0 0 UIL 2A	UIL 1	
▼ #0453	Dripping Springs High School Unified	1 1 Unified		
▼ #0456	test Unified	0 0 Unified 4A		
▼ #0466	Allen High School Unified	0 0 Unified 5A		
▼ #0466	Allen High School	0 0		
▼ #0468	Advantage Academy Unified	0 0 Unified 1A		
▼ #0498	Dripping Springs High School	4 1 UIL 4A	UIL 1	

Hub/Championship:

- Hubs/Championship leadership can now manage/assign their own leadership in the Registry.
- Leadership can now be set as “visible” or “invisible” on Team Workflow
- View and/or copy past deliverables to the current season.
- Deliverables can now be categorized as “required for compliance”
- Hub/Championship Shared Files – URLs can now be included in any category vs. only under LINKS
- Team assignments for scheduled activity can now be edited by the hub AFTER the registration deadline
- Team Scoresheets interface added to Championship page
- Post office now supports “Advancing Teams” filter
- New filtering added for hub/championship File Sharing to reduce confusion for advancing teams.

- School names are used in all exports now vs. team names

Team Workflow:

- Added “Manage Roster” link for teachers from the Team Workflow page
- Teams can now edit their UIL/UUIL request or district if a change is needed.
- Scheduled activities auto-generated registration tasks are now selected with the Task filter along with other team-defined tasks
- Teams can now upload files or URLs to the Team File Manager
- Fixed the file upload and file size issues. Moved all files out of database to a dedicated repository. Files are retained and past years can be accessed by the hub (coming soon).
- Virtual exhibit panel is removed from Team Workflow for “Classic” competition format

Volunteering:

- Annual Game Files and Q&A access panel is now available on the Volunteers page. Give quick access to game files for any registered volunteers.

Judging Page:

- Cleaner access and display of deliverables and scheduled activities; easier to sort/filter and find
- Cleaner export of deliverables and scheduled activities

Volunteer Management:

- All volunteer management functions integrated into a single Volunteer Management page
- New layouts and new pages for volunteer information.
